EXPERIENCE: **Kaha Marketing //** Freelance Frontend Developer (Present)

- Responsible for rebuilding the Front End of the Kaha Marketing Website by customizing a WordPress site.

INKSTER INC. // Digital Marketing Intern (Oct. 2017 - Feb. 2018)

- I worked with a one-person social media team to create, maintain social media content and email marketing campaigns. I also worked with the development team to build the front-end of client's sites using HTML, CSS, and JavaScript.

REVZILLA // Part-Time Showroom Geek (Dec. 2012 - Mar. 2018)
RITE AID PHARMACY // Pharmacy Technician (Jul. 2011 - Jun. 2012)
TRINITY MEDICAL CENTER // Office Assistant (Jun. 2010 - Dec. 2012)

CURRENT PROJECTS: **INKSTER PROJECT (PHILADELPHIA, PA)**

- I created a CSS box that was designed to navigate the website for our client. The CSS is customizable for the client to be adaptable for the WordPress platform.

FCC: TRIBUTE PAGE CHALLENGE (PHILADELPHIA, PA)

- The challenge was to design a tribute page that was similar to the example page that was offered. I needed to be able to have a Wiki Link to redirect the viewer and customize the page to my preference. I built the tribute page with a mix of HTML and CSS.

STUFF HAO SAYS (PHILADELPHIA, PA)

- I used HTML, CSS, and JavaScript to build the Stuff Hao Says page. This is a personal project of the ridiculous statements my husband says on a regular basis at work. I designed the page to be an audio page that allows JavaScript to loop the audio when pressing play.
